

AAPPL Measure Score Report Information

AAPPL Measure is a performance-based assessment whose tasks are linked to World-Readiness Standards for Learning Languages and The ACTFL Performance Descriptors for Language Learners. AAPPL Measure's scores range from N-1 (low range of Novice) through A (the beginning end of the Advanced range).

Within the Novice level, the scores are N-1, N-2, N-3, and N-4. A score of N-1 reflects the abilities described as Novice Low in the ACTFL Proficiency Guidelines 2012. Scores of N-2 and N-3 reflect Novice-Mid abilities, with N-3 being a stronger performance within the Novice-Mid range; N-4 reflects Novice-High abilities. This means that a learner who receives the score of N-4, in addition to performing all Novice level functions fully, also shows some performance at the Intermediate level, but does not do so consistently.

Within the Intermediate level, the scores are I-1, I-2, I-3, I-4, and I-5. A score of I-1 reflects the abilities described as Intermediate Low in the ACTFL Proficiency Guidelines 2012. Scores of I-2, I-3, and I-4 are all in the Intermediate-Mid range. Given that the Intermediate Mid represents a broad range of abilities, the delineation allows learners and teachers to determine where the performance falls within that broad range and to track progress within that range. I-5 reflects Intermediate High abilities. This means that a learner who receives the score of I-5, in addition to performing all Intermediate level functions fully, also shows some performance at the Advanced level, but does not do so consistently. Learners are presented with Advanced-level tasks on Form B so that they are given the opportunity to provide evidence of performance at that level.

A score of A reflects fully-sustained performance at Intermediate and significant performance within the Advanced range as well.
